

MY 2025 AMP Participation Confirmation Webinar for POs – Q&A Transcript

AMP Program Updates

As of December 31st, all access will be removed to what?

All participants have until December 31, 2025, to download any historical AMP data including AMP results, AMP Program benchmarks, and AMP Incentive Design deliverables on the [Onpoint Performance Reporting Portal](#) (PRP). Given IHA's transition to Cozeva for MY 2025, this marks the last year that AMP results are housed on the Onpoint PRP. All PRP access will be revoked after December 31, 2025, so please ensure that your organization has all the files you need before then. If you have further questions regarding accessing the PRP, please reach out to amp@iha.org.

MY 2025 Participation Confirmation

Can I get more information on DxF that is referenced in the AMP Participation PCON survey?

IHA aims to understand AMP participants' current data sharing processes with other healthcare organizations in order to learn how we can support improvement in data sharing. CalHHS' Data Exchange Framework (DxF) is a statewide effort to improve data sharing between different entities. As per the [CalHHS website](#), the CalHHS DxF 'comprises a single Data Sharing Agreement (DSA) and common set of Policies and Procedures (P&Ps) that will govern the exchange of health and social services information among health care entities and government agencies beginning January 31, 2024.

While not a current requirement of AMP, DxF participation is one way that many of our participant organizations are working toward an enhanced data sharing infrastructure. The questions on the Participation Confirmation survey help us understand whether and to what degree AMP participants are engaged in the DxF.

What is the final due date for AMP participation confirmation?

Provider Organizations (POs) have until Monday, December 1, 2025, and health plans (HPs) have until Thursday, December 4, 2025, to complete PCON on the [AMP Portal](#). This includes completing two additional surveys, confirming HP-PO contracts, and ensuring contracts are updated. Reconciliation, the process in which IHA works with POs and HPs to reconcile organizational reporting and contracting discrepancies occurs between December 18, 2025, and January 14, 2026.

How can I see who the primary contact for our organization is?

On the [AMP Portal](#) Contact page, the primary contact for your organization will have a blue check mark next to their email address, under the "Primary Contact" column. Other non-primary users will have a red X next to their email.

I need to make some changes to primary contacts for some primary contacts who have left the organization and for one PO, there is no primary listed... please advise.

For any contact updates, please review your contact list on the [AMP Portal](#) Contacts page and fill out the [update form](#) accordingly for IHA to review and implement.

If you have multiple organizations that you manage with many contact changes, you are also welcome to send those contacts requests directly to ampparticipation@iha.org. Please include the organization name, PO ID, first and last name, email address, and change you would like IHA to make in the email.
